Key Changes:	This is a new policy

1. Purpose of this Policy

This policy sets out the expectations for teaching staff when absent (planned or unplanned), off-site at training, or having lessons covered e.g. for PPA. Its purpose is to ensure consistency, reduce unnecessary workload for colleagues, and reflect our school culture of **“We, Not I.”**

Our aim is to ensure that:

- cover staff have the information they need
- office staff and support staff are not left to resolve classroom issues
- children’s learning continues smoothly
- all classrooms are ready for use every day

2. Daily Preparation Expectations (Applies to All Teachers)

Every teacher should ensure that the next day’s lessons are fully prepared before leaving school each day. This includes:

- slides uploaded on to common
- links checked (where applicable)
- printouts prepared and copied
- manipulatives/equipment laid out or clearly labelled
- clear instructions (where applicable) for teaching assistants

This preparation ensures that unexpected illness or absence does not create avoidable workload or stress for colleagues and helps protect continuity for pupils.

We recognise that unexpected situations can arise. In such cases, staff should do what is reasonable and communicate with their Team Leader.

3. Responsibilities of Teaching Staff

3.1 Classroom Set-Up

Classroom set-up each morning is the responsibility of the class teacher or - if they are absent - the partner teacher.

It is not the responsibility of administrative or support staff to set up rooms, prepare technology, or locate resources, unless specifically agreed beforehand.

3.2 Clear Notes for Cover Staff

Teachers must keep an up-to-date master copy of the school's **Daily Cover Template** for their class. The master copy should include all standing information that does not change day to day, such as routines, timetables, behaviour expectations, technology set-up, locations of key resources, and key pupil information. This ensures that any member of staff can confidently step into the class to cover planned/unplanned absence or PPA cover.

Lesson-specific information (such as links, slides, or practical resources for that day) is added only when a planned or unplanned absence occurs. In the case of planned absence, teachers will add this information in advance. In the case of unplanned absence, staff should add what is reasonably practicable and inform their Team Leader; the daily preparation expectations set out in Section 2 are designed to minimise the need for additional work during short-notice illness.

Keeping the template current supports continuity of pupils' learning and protects the wellbeing of the person providing cover, as well as the colleague who is absent.

4. Responsibilities of Staff Providing Cover

4.1 Check the Daily Cover Notes

Cover staff must consult the class's Daily Cover Notes before teaching.

4.2 Follow Instructions Provided

Cover staff should follow the timetable, routines, and expectations as outlined.

4.3 Log Issues

Any missing or unclear information should be shared with the year group's Team Leader after cover is completed.

For external supply teachers, feedback is typically shared with the School Business Manager before leaving the site.

5. Accountability & Quality Assurance

To promote fairness, consistency and a supportive working environment:

- **SLT will periodically review templates**, and dedicated time will be provided in team meetings for staff to keep them updated.
- **Where expectations are not being met, the first step will always be a supportive conversation**, with the aim of identifying any barriers and agreeing helpful next steps.

- **Staff who need help with workload, organisation, or capacity will be supported**, and reasonable adjustments will be explored where appropriate. Expectations remain consistent for everyone, but support is tailored.

This process is not about blame, but about ensuring professional consistency, protecting staff wellbeing, and securing the best possible learning experience for pupils. It reflects a shared, collective responsibility and a commitment to supporting one another.

6. Our Culture: “We, Not I”

We work as a team. This policy reflects our shared understanding that:

- no colleague should be left struggling when someone else is absent
- we take collective responsibility for smooth school operation
- preparation and clarity are acts of professionalism and mutual respect

By following this policy, we uphold our school culture and ensure the best for our children, our colleagues, and ourselves.
